Song Requests

This is a list of songs we are prepared to perform. Generally song requests are not required and most clients simply want the band read & react based on their guests' dance response. Clients who do provide us with requests do so in varying degrees. Some clients give us a handful of songs or artists they like and want played or avoided. If you wish to maintain the highest degree of control (allowing the band to only play within a margin of songs requested) we ask for a minimum of 50 approved songs from the band's song list.

New Songs

The band will consider learning 1 or 2 songs not found on our list at no charge, as long as a) the song fits in the genre of music the band plays, (Funk, Soul, R&B, Motown, Disco, Rock, etc.), b) The instrumentation doesn't exceed the band configuration, c) we can make the song sound close enough to the original in a live context (sometimes a song is produced with so much "studio magic" that they can't be performed live with the same fidelity), and d) we can do the request justice without a special rehearsal (this is usually the case, but if the request does require its own rehearsal to make work, we will do it for a mutually agreed additional fee.)

Special Dances

Please use our Special Dances list to select from. (i.e. First Dance, Father/Daughter Dance, etc.) If you desire songs not found on our list, please note that we will need to have your special dance requests FOUR WEEKS prior to your event so that we can confirm the band will be able to perform the song(s) and so that we have enough time to locate sheet music and an audio sample of the song. In cases where sheet music is not available or an arrangement for the full band is needed, this gives us time to properly prepare the music.
